#BRAKEDISC

The SBS range of brake discs is developed in accordance with our world famous, recognized SBS disc brake pad range.

This means that for most reference numbers in the SBS brake pad range, you can find a corresponding SBS brake disc.

SBS brake discs meet KBA requirements and are under KBA and future ECE R90 approval.

THE RANGE

The SBS brake disc range comprises three basic programs, making it easy to choose according to individual needs:

SBS REF 5XXX

The SBS STANDARD disc range includes round or similar standard shape either with fixed or floating construction.

The SBS STANDARD range generally corresponds to the originally fitted brake disc.

SBS REF 6XXX

The SBS UPGRADE disc range gives you the opportunity to upgrade your brake discs with something more spectacular.

With the SBS UPGRADE you can change your standard round/fixed disc into for example a floating or SBS signature contour version etc.

SBS REF 7XXX

The SBS OVERSIZE disc range is especially developed for off-road front brake use for more stopping power and better brake feeling.

La gamme de disques de frein SBS est développée conformément à notre célèbre gamme de plaquettes de frein à disque SBS mondialement reconnue.

Cela signifie que, pour la plupart des numéros de pièce dans la gamme de plaquettes de frein SBS, vous pouvez trouver un disque de frein SBS correspondant.

Les disques de frein SBS sont conformes aux exigences de KBA et en voie d'obtenir l'approbation de KBA, ainsi que la future homologation ECE R90.

LA GAMME

La gamme de disques de frein SBS comprend trois programmes de base, rendant le choix facile en fonction de besoins individuels :

RÉF. SBS 5XXX

La gamme de disques SBS STANDARD comprend des formes rondes ou standard similaires, de construction fixe ou flottante.

La gamme de disques SBS STANDARD correspond généralement au disque de frein monté d'origine.

RÉF. SBS 6XXX

La gamme de disques SBS UPGRADE vous donne la possibilité de mettre vos disques de frein à jour pour une expérience de freinage spéciale.

La gamme SBS UPGRADE vous permet de transformer vos disques ronds/fixes standard en une version flottante ou encore en version à contour de marque SBS, etc.

RÉF. SBS 7XXX

La gamme de disques SBS OVERSIZE est spécialement développée en vue d'une utilisation hors route du frein avant pour une puissance et une sensation de freinage accrues.

DISCOS DE FRENO SBS

DISCHI FRENO SBS

La gama SBS de discos de freno está desarrollada en función de la gama de zapatas de frenos de disco SBS, mundialmente famosa y de reconocido prestigio.

Esto significa que la mayoría de números de pieza de la gama de zapatas de freno SBS tienen su disco de freno SBS correspondiente.

Además de cumplir los requisitos de KBA, los discos de freno SBS están pendientes de obtener la aprobación de KBA y la futura homologación ECE R90.

LA GAMA

La gama de discos de freno SBS consta de tres líneas básicas, lo que facilita la elección del producto en función de las necesidades particulares:

SBS REF. 5XXX

La gama de discos SBS STANDARD incluye discos redondos o de forma estándar similar, con estructura fija o flotante.

La gama SBS STANDARD generalmente se corresponde con los discos de freno instalados originalmente.

SBS REF. 6XXX

La gama de discos SBS UPGRADE ofrece la posibilidad de actualizar los discos de freno con algo más especial.

Con SBS UPGRADE puede convertir un disco redondo/fijo convencional en, por ejemplo, otro flotante o perteneciente a la versión con perfil de marca SBS, etc.

SBS REF. 7XXX

La gama de discos SBS OVERSIZE se ha desarrollado especialmente para utilizarse en frenos delanteros todoterreno con el fin de aumentar la potencia de frenado y mejorar las sensaciones durante la frenada.

La gamma di dischi freno SBS è stata realizzata con gli stessi standard della rinomata gamma di pastiglie freno SBS, apprezzata in tutto il mondo.

Ciò significa che per la maggior parte degli articoli della gamma di pastiglie freno SBS esiste un corrispondente disco freno SBS.

I dischi freno SBS rispettano i requisiti di omologazione KBA, e sono in attesa di ricevere l'omologazione ECE R90.

LA GAMMA

La gamma di pastiglie freno SBS include tre programmi base, per facilitare la scelta in base alle necessità individuali:

SBS RIF 5XXX

La gamma di pastiglie freno SBS STANDARD comprende prodotti di forma circolare o simili, con struttura fissa o flottante.

La gamma SBS STANDARD corrisponde generalmente ai dischi freno installati di serie.

SBS RIF 6XXX

La gamma di dischi SBS UPGRADE consente di migliorare i dischi freno, aggiungendo un tocco di spettacolarità.

Con la gamma SBS UPGRADE è possibile sostituire i dischi standard circolari/fissi, ad esempio con una versione flottante o con profilo marchiato SBS.

SBS RIF 7XXX

La gamma di dischi freno SBS OVERSIZE è progettata specificamente per l'uso dei freni anteriori in fuoristrada, per migliorare la forza di arresto e offrire una sensazione di frenata migliore.

HI-TECH BRAKE SOLUTIONS MADE IN EUROPE

At SBS, we develop and manufacture hi-tech brake solutions.

Our ranges of brake pads, clutch kits, brake discs, brake shoes and other important parts cover all relevant motorcycles, scooters and ATV/UTVs on the market, regardless of brand and model. SBS is your single source for brake parts and components.

We are a global market leader within brakes for powered two-wheelers. Our R&D department continuously innovates with new materials and technologies to achieve ultimate performance, longer lifetime, higher comfort and more eco-friendly products.

Our products are tested in reality. Dynamometer testing is supplemented with numerous street and race track tests. We work together with some of the world's best road racing and motocross riders, when they race towards podium positions.

We create the power to stop you. Made in Europe. You decide where and how to use it. Go Ahead!
